

FROM THE DESK OF JANE GARCIA

.....

December 3, 2018

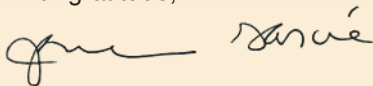

Dear Friend,

La Clínica transforms the lives of thousands of patients because of support from community members like you. Since 1971, we've provided comprehensive and accessible health care services to everyone; regardless of age, race and ethnicity, gender identity, sexual orientation, immigration status, or ability to pay. Now more than ever, our patients face the unnerving uncertainty of not knowing whether they will have health care readily accessible.

That is why I am writing to you today. You can help us connect many more vulnerable families and individuals to life-saving services by making a gift today. I'd like to share a letter from our patient Carmen Garibay who found hope at La Clínica after she had lost her will to live. It is because of your support that La Clínica is able to provide hope and high quality care that go above and beyond to address the socioeconomic factors that affect a patient's health.

I ask you to support La Clínica because every dollar you give has far-reaching impact and the ability to change outcomes for entire communities now and for generations to come. Thank you.

With gratitude,

Jane García
Chief Executive Officer
